- ✓ **Higher Customer Satisfaction**
- ✓ **Improved Sales**
- ✓ **EDI/Technology**

Reduce Transit Times, Claims, and Costs to the Northeast

You can reduce cost and cut delivery times in the Northeast with **NEMF** by combining your LTL shipments into truckload for pool distribution. **NEMF** is the largest non-teamster, family-owned company, with the most next day service points in the Northeast. You can deliver a truckload of LTL shipments at one of our 40 strategically located service centers and let us take it from there. We already have the pickup and delivery routes in place and the dispatchers and drivers who know the roads and the area.

With our on-board computers and our interactive website (www.nemf.com) you know precise delivery times and have real time information at your fingertips. You get the advantages offered by the Northeast's premier LTL carrier, backed by the resources of **The Shevell Group (NEMF, Eastern Freightways, Inc., Carrier Industries, Inc., Apex Logistics, Inc., NEMF World Transport, Inc., NEMF Canadian International Services)**. Our 98+ percent on time delivery rate and a .006 claims ratio will provide your consumers with the highest customer satisfaction.

POOL DISTRIBUTION DATA THAT WILL ASSIST ANALYSIS
