- ▲ ***NEMF Total Quality Process (TQP)***
- ▲ ***Reduced Claims Equal Transportation Savings***
- ▲ ***SmartWay Transport Partner***

**THE SHEVELL GROUP  
OF COMPANIES**

**— You Matter to Us! —**

# Our SmartWay Partnership Recognizes Our Commitment To The Environment!

Through our alliance with the SmartWay partnership, we've taken the following steps to improve fuel economy while reducing emissions. The use of tires with new compounds that reduce drag and improve fuel economy. The installation of auxiliary power units on tractors to reduce idling emissions and save fuel consumption and additions of oil purification units to extend maintenance cycles, reduce engine oil consumption. Reduced maximum tractor speeds by 5 mph to conserve fuel.

## Claims-Free Handling

**NEMF**® has one of the lowest claim ratios in the industry. Our fleet of K-Beam trailers allows your freight to be loaded without the fear of damage due to stacking. We also employ an airbag system, which is designed to prevent shifting of freight in transit. We know how important it is that your freight arrives on time and in good condition.

**NEMF** specializes in Less Than Truck (LTL) and Truckload (TL) freight handling. With our 37+ terminal network covering Canada, Puerto Rico, the Northeast, Mid-Atlantic and Midwest regions, combined with our fleet of over 8,000 vehicles, **NEMF** has the proven experience in all phases of transportation both domestically and in foreign markets.

## NEMF Best Practice Movement of Freight

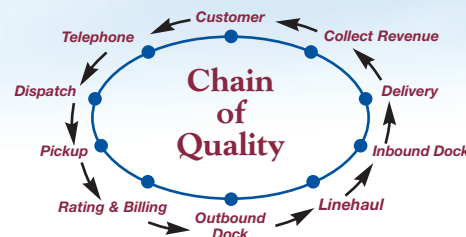

### Specialty Equipment

- Airbags
- Dunnage
- K-Beams
- Lift Gates
- Air-Ride
- Heater
- Refers

**NEMF Claims  
Frequency vs. Industry**  
NEMF .54% / Industry 1.04%

### TQP Diamond Certified Process

Knowledge of Six Sigma, LEAN Methodologies and BELT certified.
