A Full-Service, Solution Based, Logistics Company

NEMF Logistics is a unique, third-party logistics company specializing in Logistics Management Services, Software, Warehousing, Brokerage Services and Support. We serve the full spectrum of the transportation element of the supply chain; small package, less-than-truckload, truckload, expedited shipments, even air shipments. We help our clients save money, improve their internal processes, provide them with access to industry leading technology and continuous improvement for year-over-year performance, all from a name you know and trust.

Five Robust Services to Meet Your Needs

TECHNOLOGY

Our Transportation Management System puts the power of industry leading software in the hands of our clients. The information is in real-time so you can make smarter decisions, faster.

LOGISTICS MANAGEMENT SERVICE (LMS)

LMS is a comprehensive solution to help you improve your transportation processes and turn transportation management into a competitive advantage.

ADAPTIVE TMS

A one-of-a-kind service designed to bring the power of technology, together with select 3PL services exactly to your specifications.

BROKERAGE SERVICES

Our Brokerage Services focus on bringing you the best possible carrier at the lowest cost. Focused on excellent service, your shipment will have a coordinator assigned to watch over shipment every step of the way.

WAREHOUSING

Our temperature controlled dry warehouses are strategically located throughout the United States and Canada. With amenities such as high-tech WMS, temperature controlled facilities and consolidated deliveries, our 3PL warehouses are equipped with the services you need, when you need them.
