

January 14, 2019

Dear Valued Customer:

NEMF has implemented a 5.4% general rate increase effective Monday, February 4, 2019. All published floor minimum charges will be increased by \$3.00

While NEMF remains committed to our customer's expectations we are faced with increased costs associated with regulatory mandates, insurance premiums, new equipment & technology advancements.

Should you have further questions, please feel free to contact your Sales Account Executive.

Sincerely,

Zachary W. Cohen
Director Yield Management
New England Motor Freight Inc.
